

***SUPERIOR***<sup>®</sup>

**Country Club Locker & Storage Solutions**

## CUSTOM WOOD LOCKERS

Create a memorable environment for your current members and impress your new members with **Superior**<sup>®</sup> Heirloom Quality Custom Wood Lockers by List Industries Inc. Our lockers bring an upscale and luxurious design to your locker room with a very reasonable lifecycle cost. We only use the finest furniture grade red oak and finish our lockers with a three coat catalyzed clear cabinet lacquer to keep the finish looking new year in and year out. Each locker is hand crafted by our team of craftsman using state-of-the-art equipment to create a true fine furniture masterpiece.

# MEMBERS LOCKERS

Choose from our industry leading variety of lockers for your next member locker room. We offer metal, wood, plastic, phenolic resin and HDPE plastic lockers designed to serve the locker needs of any health, racquet or country club facility. We have earned our slogan as **America's Most Complete Locker Line®** by offering the largest selection of locker styles, materials, sizes, colors and functionality all while maintaining our high standards of quality, customer service, packaging and on time delivery.

**Combination**

**Storage**

**Wall Mount**

**Safety-View® and Ventilated**

Fabricated with 304 stainless steel, our unique 6 level cabinets are ideal for indoor and outdoor storage and are more resistant than traditional steel to many corrosive agents.

**Stainless Steel**  
6-Door Cabinet

## HI-TECH® OPEN SHELVING

Our Hi-Tech® Shelving provides high capacity, versatile storage designed to handle most facility shelving applications with unobstructed shelf access from the front.

Open shelving is ideal for general, economic-minded storage and is perfect for bulky items and packaged materials.

**SHELF CAPACITIES UP TO 1200 LBS.**  
Includes 1.65 Safety Factor

## HI-TECH® CLOSED SHELVING

Closed shelving provides the same versatility and strength as our open shelving but also protects your stored items on the sides and back while providing a finished appearance and is ideal for smaller items and loose parts.
